

SR 417 SANFORD AIRPORT CONNECTOR PD&E STUDY

SR 417 TO RED CLEVELAND BOULEVARD

SPRING 2025

STUDY DESCRIPTION

The State Road 417 Sanford Airport Connector proposes providing direct access between SR 417 (Seminole Expressway) and East Lake Mary Boulevard, near Red Cleveland Boulevard. The new connector would help alleviate traffic on local roads (such as East Lake Mary Boulevard and Ronald Reagan Boulevard) and meet the growing demands of residents and businesses in the area that rely on SR 417, including Orlando Sanford International Airport.

Following the January 14, 2025, Alternatives Public Workshop for this Project Development & Environment (PD&E) Study, CFX eliminated Alignments 1, 3A, 3D, and 4 from further consideration. Alignment 2 and a variation of this alignment, designated as Alignment 2A, will proceed with further analysis and evaluation to determine the Preferred Alternative.
